

National Institute of Technical Teachers' Training and Research, Bhopal

Organizes

NATIONAL CONFERENCE (NC-1)

ENGINEERING ACCREDITATION AND ASSESSMENT

02-03 November, 2022

About NITTTR, Bhopal

National Institute of Technical Teachers' Training and Research, Bhopal is a unique premier institution, established in 1965 by the Ministry of Education, Government of India for teacher training and improving the quality of the entire gamut of the Technical Education System. The Institute holds expertise through continuous R&D in the areas Technical Education like development of specific competencies related to new technologies, subject matter development, classroom and laboratory-based learning, industry-institute internship, management of technical institutions, personality development, entrepreneurship development, examination reforms and student assessment, learning & instructional resources development, video production and multimedia development, educational projects planning & management, community development, evaluation of programmes & projects.

In 2003, the Gol upgraded the Institute and there has been a substantial change in the mandate enabling it to cross the regional boundaries and function as a national-level resource institution. It has geared itself with the updated resources and infrastructure to support the overgrowing demand of bringing quality technical education through strategic support and networking with the other centers of excellence.

NITTTR, Bhopal has an excellent track record of introducing several new innovations in technical education and has successfully implemented several time-bound and professionally challenging projects for varied clientele. In the nineties, the Institute has successfully served the client states in implementing the highly acclaimed and successful World Bank

Assisted Projects viz. Tech. Ed. I, II and III on 'Strengthening the Technician Education System.' The Institute has also been providing need-based customized support by conducting a training programme for TEQIP institutes under phases I, II and III. NITTTR Bhopal has been involved in the implementation of many national initiatives. In the recent past NITTTR, Bhopal is involved in offering MOOCs courses through SWAYAM platform. The Institute has been identified under the Pandit Madan Mohan Malviya National Mission on Teachers and Teaching as the Teaching Learning Centre (TLC) in Vocational Education Training & Entrepreneurship Development. NITTTR Bhopal has also been selected as National Resource Centre (NRC) for Assessment & Evaluation in ARPIT Scheme.

The institution has taken a lead in the design and implementation of AICTE's National Initiative for Technical Teacher Training (NITTT) and National Mentoring Mission of National Education Policy- 2020 by conducting the initial Orientation Training Programmes for Mentors. Looking to the present need, the institute has also been conducting webinar series and online Programmes. In pursuit of excellence, NITTTR Bhopal has transformed itself over the years. NITTTR enjoys the status of a World-Class Institute in the area of Human Resource Development. 'Quality' and 'Need-based' has become the keyword for their functioning, which gets reflected in its services and resources. NITTTR Bhopal exhibits the ethos of a client-driven and competency-based approach in all its services.

NATIONAL CONFERENCE (NC-1)

ENGINEERING ACCREDITATION AND ASSESSMENT

02-03 November, 2022

Engineering Accreditation and Assessment

The accreditation provides assurance that a college or university program meets the quality standards of the profession for which that program prepares graduates.

In future with the increase coemption and change in the employment scenario across the globe, it would be binding for institutes/universities to go for accreditation or else their students may not deem to be a quality pass-outs and may face problems for seeking employment. This calls for professional governance and management of the institutes to implement Engineering Accreditation and Assessment process satisfying the requirements of major beneficiaries i.e. students and other significant stakeholders. The conference will set the direction for the Engineering education institutions to implement quality Teaching-Learning & assessment practices and crating professional environment to achieve the same.
